

Annual meeting **Nottingham 2011**

**SRHSB**  
Society for Research into  
Hydrocephalus and Spina Bifida

## The 55th Annual Meeting of the Society for Research into Hydrocephalus and Spina Bifida

will be held in Nottingham, UK from June 22-25, 2011 at the invitation of the University of Nottingham and the organising committee headed by Dr. Roger Bayston (SRHSB President), Mr. Waheed Ashraf, Mrs Rosemary Batchelor (SRHSB Hon Secretary) and Ms Lyn Rylance (ASBAH).

### What we do

The Society meets every year at its Annual Scientific Meeting, where the latest research is presented and discussed. All members, including junior professionals and trainees, are encouraged to present their results, adding to global research efforts.

Our aim is to increase public awareness of hydrocephalus and spina bifida and to promote research across the diverse fields of study relevant to these conditions, with the ultimate goal of alleviating, managing and preventing the conditions. The Society, founded in 1957, is made up of members from 30 countries worldwide and is a registered charity in the UK

**Submit abstracts online:  
closing date 14th February 2011**
